Good idea, Eric. Let's get EPA on the same page. In my absence, Ken Patterson and Anne Heard can represent FFEO.

Avi: We'd contacted your office last week to set up a briefing on this for your folks and OECA (I haven't been able to confirm whether this has been scheduled yet). I'd like to suggest that if at all possible, we seek to reschedule this morning's call with DOE to give us time to brief you and OECA on what has become a very contentious issue with DOE. I understand you're out of the office right now -- please give me a call when can (212-637-3107). Thanks.

Folks,

Below is paper that Sean Lev, Acting GC at DOE, emailed me this afternoon concerning DOE's SPRU facility and waste classification. Sean will be calling me tomorrow at 11. Would welcome any thoughts you have on the matter prior to then (I recognize that it is on short notice), and you're welcome to join the call too. Let me know if you'd like to do so.

Avi: Here is a paper on this issue, although it would be unfair to expect you to have studied this by tomorrow. I will have a few DOE lawyers on the call tomorrow; feel free to ask others from EPA. You might want to have someone from Enforcement.

Thanks

Sean
